PROF. DR. ULLA GLAESSER, LL.M.

(LAST UPDATE: APRIL 2024)

Preliminary remarks:

I have written a significant number of my publications in true (and often interdisciplinary) collaboration with colleagues on eye level with equal contributions to the text. These publications do not have a “first author” in the traditional sense; they are marked with “(in collaboration with ...)”.

Publications of which I have not been first author, the name of the first author is underlined.

Of all other joint publications, marked with the simple amendment “(with ...)”, I am first author.

All publication which have not been marked with “(published in German)” have been published in English.
